

## No! No! Labor Lost

Center residents will live up to the literal meaning of the word Labor Day by spending September 5 as a day of labor. Everyone will be expected to put in the usual 8 hours in the offices, at the messes, in the forests and on the farms.

## SEGREGATION GROUP 1 TO LEAVE ON SEPT. 14

Definite details on the coming segregation movements were released today by James F. Rains, assistant project director, in collaboration with the segregation committee of the Community council. The official release confirmed

by the 344th MPEG Company indicated that selection of people who will leave for Tule Lake from this center has virtually been completed.

Present schedule calls for the departure of the first trainload of repatriates and expatriates on the morning of September 14 from the center. The initial contingent will be composed of the 54 who could not get aboard the Gripsholm and about 390 persons from the west-side blocks. The blocks (in parentheses) and the numbers of segregees are: (5) 14, (6) 16, (7) 10, (8) 13, (9) 12, (10) 61, (11) 16, (12) 18, (23) 15, (24) 26, (25) 44, (34) 30, (38) 56, (39) 17 and (15) 3.

Nearly all persons classified as Group I (those who signed for repatriation before July 1 and those who retained their "No" answer to Question 28) except some of the Rullman cases will be entrained. Because of lack of sleep - (Continued on Page 3)

## THE ROHWER Outpost

Vol. III No. 19 Rohwer, Ark. September 1, 1943

## RED CROSS MAIL CONTACT WITH GRIPSHOLM ARRANGED

In a teletyped notice from the Washington, D.C. office, the National Red Cross revealed yesterday that the organization will take messages to be sent to Japan via the Gripsholm.

Following the usual regulations, the messages must be of personal nature, written in English to permit rapid censorship and limited to 25 words. All letters must be either

written on Red Cross forms 1616 or hand-printed on plain white paper in duplicates.

The messages should be delivered to the local chapter's desk in ad building 2 before 4 p.m. Saturday afternoon.

Contact with the exchange ship already bound for the Orient along the continental coast, will be established by plane.

## RATION BOOK USE, TABOO

"Ration books in the possession of those who have returned from their seasonal or short-term leaves as well as other holders must not be used," stated James F. Rains, assistant project director.

"OPA rules provide that any person taking 8 or more meals per week or living in a center such as this for seven consecutive days must turn over any books in their possession before the week is over. Violation of rules is subject to severe penalties."

## HIGH SCHOOLS START SEMESTER ON MONDAY

Rohwer's Senior and Junior high schools will open its doors this coming Monday at 8:25 a.m. and with the resumption of learning, vacation will end for approximately 1200 secondary grade students.

"For opening day, I want to remind the students to report to their old home-rooms," stated Principal William M. Beasley of the Senior high. "The names of teachers and their room numbers will be posted on the bulletin board at bar-

rack 11 and students are urged to consult it."

The program for the first day will last until noon; the afternoon, being devoted to students who wish to change their subjects. Starting Tuesday, the schools will commence running on full schedule with the hours from 8:30 (Continued Page 3)

## 54 EXCHANGE SUBSTITUTES TO BE HOUSED IN ROHWER

Arriving Sunday evening or Monday morning will be 54 repatriates and expatriates who were not able to board the Gripsholm. The group will be composed of persons from all centers who had received low priority ratings and who were to act as substitutes in case others were not able

to make the exchange ship.

Housing facilities for the group will be arranged through the Housing division and the Community council. These repatriates will be given priority over others when the first movement from Rohwer to Tule Lake takes place on September 14.

## CHICAGO: CONFERENCE FOR INTERESTED

Warren D. Olson, representing the Chicago office will arrive on the Project Monday morning for a one-week stay.

Olson will discuss opportunities for resettlement in the Chicago area in public as well as in conference with those who are interested. The Employment division conference room will be his headquarters during the week.

## Teaching Staff Suffers Losses; Improvements Made in Block

(Continued from page 1) a.m. to 12 noon and 1:15 p.m. to 4:14 p.m.

Books will be issued to the students on Tuesday and the pupils are requested to bring paper and pencils for their own use.

Beasley revealed that the teaching staff has been reduced in size by the relocation of evacuee teachers as well as the resignation of two WRA appointed instructors. However, enrollment is expected to be smaller this coming school year and segregation will probably decrease our class totals by another hundred," added Beasley. Transfers from Tulo Lake are expected.

During the summer vacation period, the school has been remodeled to a great extent. Behind the west end of the laundry room, a new Home Economics building is being built by the construction crew. The new building will be finished in about eight weeks.

A new system, to be put into effect this year, will place the responsibility of all the senior high school attendance and all school activities under the direct supervision of Miss Opal Albright, who is in charge of vocation guidance.

Physical education classes will be made a regular class subject and credit will be given.

# FINANCIAL REPORTS FOR COUNTRY FAIR RELEASED

## Rev. Unno Gives Final Sermons

The Rev. Enryo Unno will be delivering his last sermons to Rohwer Buddhists when he speaks tomorrow at PS hall 28 and at the YBA service. He will be among the repatriates Tule Lake bound.

At tomorrow's services, registration of Sunday school students and YBA members leaving for Tule Lake will be held.

All those departing are asked to register. A farewell "get-together" will be held in their honor soon.

## STUDENT WILL ADDRESS RECC

Reiji Hoshizaki, junior student at the Baylor University, Waco, Tex., will preach tomorrow at the RECC service. His topic will be "I Am Not Ashamed." Hiroshi Uyehara, head of Nisei church board, will be chairman.

Hoshizaki, formerly from Vacaville, Calif., who recently attended the South-wide Baptist student conference at Ridgecrest, N.C., will also speak at the YP service which will now be held from 7:30 p.m., instead of 8 p.m. Michi Kabashima will be chairman.

## ROHWER ORCHESTRA DISBANDED RECENTLY

The Rohwer orchestra was reported as disbanded recently, because of the loss of its director, Akira Umamoto, who will be transferring soon to Tule Lake.

The band, which made its debut under director Umamoto at the New Year's variety show, was one of the constant bright spots at the many succeeding programs. Appreciation to all those who rendered assistance was expressed by the band members.

Block 23.....	0	2	.000
Block 7.....	0	1	.000

The Rohwer Class "B" All Stars, fresh from their initial victory over the Camp Robinson Japanese-American soldier nine, will attempt to make it two straight when they cross bats with the Lodi Templars Sunday, September 5th, at the Junior High Diamond at 2:30 p.m.

This game with the Templars will be a warm up game for the "B" All Stars before they face their neighboring nine, the Jerome Class "B" All Stars.

The tentative schedule for the home and home series will start Sept. 12 at the Rohwer diamond.

The Class "B" All Stars will field the same lineup that faced the Camp Robinson team. Co-coaches Harry Usui and Frank Kamibayashi will start either Ben Mikawa, Tom Kiriu or Peter Shimada on the mound. Donning the mask will be Nobu Tanimoto. The infield quartet of Haruo Sumimoto at first, the keystone combination of Otto Okazaki and Pancho Kosaka, and the torrid corner guardian, Geki Yamashita, will probably start.

The outer garden will be patrolled by Tetsu Matsumoto, Mauch Yamashita and Kiyo Sanuki.

For the fighting Templars, they will miss the services of George Kagawa and Sammie Ichiba, who at present are laid up with injuries and also their ace speedball artist, Will Kagawa, who, at the present time, is relocated.

Taking their places will be Frank and Sambo Kamibayashi of the Stockton Yamatoes.

Starting on the hill top will be Kazuto Ito and catching his slants is Sakae Yamashita. The first line of defense will be taken care of by Frank Kamibayashi at first, Mike Takeuchi and Sat Oono at second and short respectively, and Kiichi Hiramoto at third.

Covering the outfield will be Kaz Hiroto, Sambo Kamibayashi and Red Tanaka. Harry Oshima

### DIAMONDS OPEN

Diamonds 1, 2 and 4, located on the Senior High field, are available for open softball competition. Please reserve field with softball commissioner Shiro Mizufuka ahead of time.

### CENTER SOFTBALL TITLE AT STAKE

Battling for the center softball championship, the Rohwering 20's "B" titleholders, will meet the powerful Stockton Rebels, champions of the tough "A" softball league, tonight at 6:00 o'clock at diamond 2.

Though rated as favorites to win, the Rebels must not let up a second as the underdog Rohwering 20's are known to make every break count. Hurling for the Stockton nine will be Akira Kume with youthful Hiroshi Ige, southpaw speedster, as his opponent on the mound.

## MAISIE HORIKIRI COPS GIRLS' BATTING CROWN

### Rockette Ace Swats Lusty .846

Hitting the pill at an amazing .846 clip, Maisie Horikiri, Rockette's slugging centerfielder, easily copped the center girls' softball batting championship. The only player to garner more than ten hits in the short season, Miss Horikiri slapped out eleven hits at thirteen trips to the plate.

Eight members of the champion Rockette team hit well over .400 which clearly shows the reason why they copped the center title.

## EDITORIAL

## NISEI IN THE NEWS

Reception given to many of the relocating Japanese-Americans leaving Rohwer for various communities have been favorable in nearly all cases. Among recent items that have gained space in newspapers throughout the Midwest are two articles dealing with three young men who have gone out.

The Washington Daily News carried an article on the Japanese-American combat team's war bond buying drive in which over a \$101,000 worth of government securities were bought. It also carried a captioned picture of Tak Kakita of this center as one of the twenty nisei harvesting peaches on the Albert Eckert farm in Missouri.

On the front-page of the Des Moines Register, dated August 27, an article on the confidence vote given to Fred Kitagawa and Choster Ishii formerly of this center by their fellow workers appeared together with their photograph.

Both of these Japanese-American mechanics recently relocated to Des Moines to work for Chambers Motor Co. of that city. Satisfactory work was done by the men but soon "objections" were voiced by some of the garage workers. Chambers called a meeting of his employees and left it up to the men as to whether the Japanese-Americans would be allowed to work or not. The men voted 13 to 2 in favor of keeping them.

The attitudes presented by the policies of these newspapers represent the concerted efforts by liberal organs of publication to give to the public a truer picture of American society in the making. Each of these printed stories is a contribution by the American press toward rebuilding faith in the hearts of a discouraged minority, the Americans of Japanese ancestry. Each is a constructive prolyde opening the way for a new world era built on the foundation of racial understanding and tolerance.

## A Letter to the Editor

Dear Editor,

The recent article in the McGehee Times about some of our evacuees being obnoxious in the public is an appalling statement adverse to those loyal and law-abiding people who go to town to make necessary shopping; whereby, creating better relations and understanding between the Rohwer residents and the McGehee people. The Times did not state what type of evacuees are considered as loud and obnoxious but we must all remember one thing; that is most of the residents of McGehee have probably never seen a Japanese-American before. Therefore, unfavorable action by a minority, of evacuees will undoubtedly convey a conception of dislike that would lay upon our whole center to the criticisms of our conduct and our behavior.

I sincerely believe that the evacuees have no intention of offending any resident of McGehee, though in some instances, some of us may have created a disagreeable impression on the townfolks. Whether right or wrong, we must bear the conditions that exist today, whether we are unfairly criticized by propagandists or politicians. It is a sacrifice but it is our duty to make sacrifices for the sake of the younger generation who in the future must find their place in the United States as citizens equal in stature with other Americans.

Harmony and cooperation are the permanent solution to better understanding. With this thought and determination in mind, let us devote our earnest efforts toward bringing a more better relationship with the residents of our neighboring towns.

Very truly yours,  
Jerry Uchiyama,  
Chairman of the Block Managers

This column reflects the mood of the writer and consequently the subject to be gleaned from the paragraphs may seem entirely unrelated and totally different from issue to issue.

**HUMAN MISTAKES**  
Well-meaning individuals have been seriously harmed doing or attempting to do seemingly innocuous things. Very often, a misworded phrase or an unintentional slip have been interpreted by others as being maliciously planned and premeditated.

There are many, even in a democracy, who would not hesitate to twist with their narrow and warped minds, the human blunders that each of us are apt to make. But what of those who criticize? I wonder how much of their own faults they are aware of? How perfect they are in their mental and physical makeup? How secure from those blunders they themselves are?

**ANOTHER ANGLE**

Some persons make it a policy to publicize the mistakes made by their fellow men, especially when it means monetary gain or political prominence.

In so doing they fail to realize that making mistakes is a process of learning. Through our errors, we are able to see the disadvantages that it brings. Mistakes should not be used as a means to tear down the self-respect of a person, it should be used as a way to aid that person to better himself.

**AN ANALOGY**

Let's take a baseball game. When you happen to be playing for a certain side and your side makes an error, you try to cheer up your team mate and help build up his self-respect. But when the other side makes a mistake, you probably jump up and down. That's what a lot of us do.

Somehow, things would be a lot better in this world if we were on the same ball team.
